Present your village-movie-idea

Use a Moodboard:

Create a Moodboard for your village-movie-idea.
You can use: www.canva.com
There are many templates to show your vision.
You can put in fotos, videos audios, music, storyboards, whatever you like.
We should get an impression of what your video will be like. So you can use fotos from pixabay or other examples from famous films. It doesn't have to be already material what you already use for your village-movie.
Use this moodboard for your presentation on Monday. Have fun.

And Action !
